I would like to offer my endorsement of Patsy Brown for Public Administrator for Clark County, Nevada. Ms. Brown has the professional background that would make her an excellent Public Administrator.

Ms. Brown is a lawyer with extensive experience in directing the Legacy Preparation Program to assist residents in safeguarding their property from government seizure and probate court. Her program has been made available to the entire community at absolutely no cost through the sponsorship of Ms. Brown. Her dedicated service is highly indicative of a devoted public servant who will work for the residents of Clark County.
